

ANESTHESIOLOGY

Volume 4

INDEX TO SUBJECTS

Items having boldface figures indicate titled subjects of articles

- Abdominal operations, lung volume after, **385**
- Abscess, submandibular, anesthesia for, **25**
- Acute massive collapse, **298, 437**
- Acute pulmonary edema, **508**
- Adrenal cortical extract in shock, **504**
- Age, effect on choice of anesthetics, **17**
- Air, intravenous injection, **202**
- Airway,
 - during pentothal anesthesia, **536**
 - importance, **621**
 - increased pressure in, circulatory effects, **612**
- Albumin, use in shock, **506**
- Alcohol, nerve block, **303**
 - effect on nerve, **467**
- Amylene hydrate,
 - anesthetic action, **525**
 - effect on bronchi, **253**
- Analeptics, after pentothal, **180**
- Anatomy,
 - for caudal anesthesia, **182**
 - related to peridural anesthesia, **376**
 - stellate ganglion, **150**
- Anesthesia,
 - block,
 - abdominal, **518**
 - caudal, **517**
 - continuous caudal, **181**
 - complication, **517**
 - diagnostic, **153, 301, 363**
 - effect on temperature, **398**
 - peridural, **372**
 - skin marking for, **312**
 - stellate ganglion, **153, 403**
 - sympathetic, **301, 363, 404**
 - temperature during, **398**
 - therapeutic, **153, 301**
 - tibial, **398**
 - wartime use, **517, 622**
 - continuous caudal, **181**
 - effect on fetus, **187**
 - continuous spinal, wartime use, **519**
 - death, **233, 293**
 - development, **409**
 - diagnostic,
 - in hypertension, **363**
 - wartime use, **518**
 - effect of war, **637**
 - food before, **81**
 - for dentistry, pentothal sodium, **174**
 - for esophageal operations, **274**
 - for Ludwig's angina, **25**
 - for sympathectomy, **361**
 - for thoracic operations, anoxia in, **266**
 - geriatrics and, **17**
 - history, **279, 409, 540, 596**
 - intratracheal,
 - after laryngectomy, **277**
 - development, **409**
 - for esophageal operation, **275**
 - improved technic, **6**
 - with pentothal induction, **71**
 - with topical anesthesia, **27**
 - intravenous,
 - for dentistry, **174**
 - wartime, **67, 70, 74, 534, 621**
 - nerve block, diagnostic, **301**
 - obstetric, continuous caudal, **185**
 - paravertebral, role in atelectasis, **297**
 - peridural segmental, **372**
 - drugs for, **528**
 - positive pressure, effect on circulation, **612**
 - records, **312**
 - reflexes during, **345**
 - refrigeration, **12**
 - shock during, **247**
 - effect of premedication, **475**
 - signs, continuous caudal, **192**
 - spinal,
 - complications, **519, 625, 640**
 - effect of hypertension, **364**
 - effect on small intestine, **588**
 - for diabetic patient, **625**
 - for geriatrics, **20**
 - temperature during, **393**
 - wartime use, **516, 518, 621**
 - temperature during, **392**
 - therapeutic, wartime, **518**
 - wartime, **67, 70, 74, 516, 534, 619**
- Anesthesiology, in wartime, **433, 619**
- Anesthetics,
 - effect in shock, **247**
 - effect on bronchi, **253**
 - effect on small intestine, **577**
 - explosion of, **306**
 - in oil, effect on nerve fiber, **465**
 - inflammability, **441**
 - local, **528**
 - long acting local, **303**
- Anoxia,
 - during intrathoracic operations, **266**
 - effect on heart, **31**
- Apparatus
 - anesthetic, historical, **410**
 - arm holder, **644**

- canister for soda lime, 160
- carbon dioxide absorption, early models, 596
- chair for moving patients, 178
- for blood transfusion, 203
- for continuous caudal, 189
- for continuous spinal, metal protector, 645
- for ether insufflation, 311
- for inflating cuff on intratracheal tube, 10
- for intravenous anesthesia, 174, 547, 642
- for oxygen administrations, 48, 177
- funnel, 545
- gas machines, early models, 423
- intratracheal tube with cuff, 9
- laryngoscope with thin blade, 27
- syringe holder, 547, 644
- resuscitation, 438, 608
- Arteriospasm, relief, 153
- Atelectasis, 293, 308, 437
 - after spinal anesthesia, 520
 - during anesthesia, 293
 - postoperative, 308
- Atropine sulfate,
 - effect in shock, 475
 - effect on bronchi, 258, 369
 - effect on respiration, 347
 - effect on small intestine, 583, 584
 - intravenously, during cyclopropane, 204
- Barbiturates,
 - concentration in blood, 113
 - concentration in brain, 118
 - effect in shock, 247, 475, 503
 - effect on bronchi, 253
 - recovery from tissues, 114
- Binders, effect on lung volume, 385
- Blood,
 - barbiturates in, 113
 - donor, fatality, 202
 - epinephrine-level, effect of cyclopropane, 31
 - flow, in shock, 500
 - glucose level, effect of cyclopropane, 31
 - oxygen, 266
 - during nitrous oxide anesthesia, 145
 - plasma, in shock, 504
 - pressure,
 - during shock, 500
 - effect of anesthetics, 247, 364
 - effect of premedication, 238, 477
 - effect of splanchicectomy, 366
 - tests of, 363
 - replacement, in shock, 504
 - serum, in shock, 504
 - transfusion, 203
 - vessel, diseases, nerve block, 301
 - volume, in shock, 500
- Brain, concentration of barbiturates in, 118
- Bronchi, effect of anesthetics, 253
- Bronchospasm,
 - during anesthesia, 276
 - during sympathectomy, 369
- Butyn, effect on respiration, 347
- Carbon dioxide,
 - effect on temperature, 396
 - inadequate elimination of, 603
- Carbon dioxide absorption, 160, 596
- Causalgia, relief, 153, 301
- Cerebral vascular occlusions, block anesthesia in, 403
- Children, effect of pentothal, 180
- Chloroform, effect on bronchi, 253
- Circulation, effects of pressure in airway, 612
- Cocaine,
 - spray, before intubation, 27
 - with epinephrine, effect on pupil, 152
- Codeine sulfate, postoperative effect, 430
- Complemental air, 386
- Complications,
 - after block anesthesia, 517
 - after continuous caudal block, 193
 - after intubation, 6
 - after spinal anesthesia, 519, 640
 - after sympathectomy, 367
 - atelectasis, 293, 308, 437, 520
 - decerebrate rigidity, 543
 - intestinal, effect of drugs, 577
 - postoperative,
 - effect of narcotics, 430
 - in aged persons, 23
 - pulmonary edema, 263
- Concentrated human serum albumin, 506
- Coronary pain, relief with intravenous morphine, 61
- Cyanosis, 266
- Cyclop sodium, pharmacology of, 135
- Cyclopropane,
 - atropine during, 204
 - bradycardia during, 204
 - bronchospasm during, 276
 - effect on blood glucose levels, 31
 - effect on blood-epinephrine, 31
 - effect on bronchi, 253
 - effect on heart, 487
 - effect on small intestine, 587
 - effect on temperature, 394
 - in geriatrics, 20
 - in hypertension, 365
 - pulmonary edema, during, 513
 - under increased pressure, effect on circulation, 612
- Dead space, importance in anesthesia, 603
- Decerebrate rigidity, 543
- Demerol, 126
- Dentistry, pentothal anesthesia for, 174
- Diabetes, complication during anesthesia, 625
- Diagnosis,
 - anesthesia for, 363, 518
 - value of morphine, 61
- Digitalis, use of, effect on choice of anesthetic, 366
- Dilauid hydrochloride, postoperative effects, 430
- Diothane ointment, 27

- Distention,
effect of drugs, 577
effect on lung volume, 385
- Drugs,
analeptic, after pentothal, 180
anesthetic, effect on bronchi, 253
autonomic, effects during anesthesia, 258
effect on small intestine, 577
intravenous administration, 53
local anesthetic, for peridural anesthesia, 528
narcotic, postoperative effects, 430
vasoconstrictive,
during spinal, 519
in shock, 503
- Dyspnea, relief with intravenous morphine, 61
- Electronarcosis, 630
- Ephedrine sulfate,
after splanchnicectomy, 366
effect on bronchi, 258
effect on temperature, 400
- Epinephrine,
after splanchnicectomy, 366
during cyclopropane anesthesia, 31
during trichlorethylene anesthesia, 3
effect on bronchi, 258
in local anesthetic solutions, 517
with cocaine, effect on pupil, 152
- Ergotamine tartrate, effect during anesthesia, 259
- Eserine salicylate, effect on bronchi, 258
- Esophagus,
operations of, anesthesia for, 274
reflexes, effect on respiration, 345
- Ether
cyclopropyl methyl, effect on bronchi, 253
diethyl,
apparatus for, 311
effect of premedication, 475
effect on bronchi, 253
effect on shock, 247
effect on small intestine, 585
under increased pressure, effect on circulation, 612
propyl methyl, effect on bronchi, 253
vinyl, effect on bronchi, 253
- Ethyl chloride, effect on bronchi, 253
- Ethylene,
effect on bronchi, 253
effect on small intestine, 587
for intrathoracic operations, 267
- Ethylene-oxygen-ether, effect on small intestine, 589
- Eucupin, in oil, 466
- Evipal soluble, 68
dangers, 76
effect on bronchi, 259
- Explosion, of anesthetic gases
in closed system, 604
precautions, 306
- Extradural space, 377
- Eye-brow pencil, skin marker, 312
- Fluids, intravenously,
complication, 641
during sympathectomy, 369
effect on lung volume, 385
replacement in shock, 504
- Food,
before anesthesia, 81
before pentothal anesthesia, 179
effect on intestinal motility, 578, 581
- Fractures, role in shock, 502
- Functional residual air, 385
- Funnel, for pouring ether, 545
- Gas pains, effect of drugs, 577
- Gases, inflammability, 604
- Gastric tube, insertion in unconscious patient, 81
- Geriatrics, anesthesia in, 17
- Heart,
disease, intravenous morphine, 61
effect of cyclopropane, 31, 204, 487
effect of trichlorethylene, 1
in hypertensive patient, 365
- Heat,
external, value in shock, 503
of carbon dioxide absorption, 602
- Hemoconcentration,
effect of premedication, 477
in shock, 500
- Hemoglobin, concentration, effect of anesthetics, 247
- Hemorrhage, control, 502
- Hirschsprung's disease, treatment, 302
- Homatropine, effect on sympathectomized pupil, 152
- Hormones, steroid, anesthetic effects, 36
- Horner's syndrome, 152
- Human serum albumin, 506
- Hyoscine hydrobromide, effect on bronchi, 258
- Hypertension,
operation for, anesthetic management, 361
treatment, splanchnic block, 304
- Hypoglycemia, effect on body functions, 625
- Ice water, test of vascular response, 363
- Intracaine, peridural block with, 372, 528
- Intratracheal tubes, dangers in use, 6
- Intubation,
aid in passing gastric tube, 81
effect on respiration, 346
under topical anesthesia, 27
- Insulin shock, 627
- Intestine, small, effect of drugs, 577
- Kidney, in hypertension, effect of anesthetics, 365
- Laryngectomy, intubation after, 277
- Laryngeal edema, 307
- Laryngospasm, during pentothal anesthesia, 537

- Long, Crawford Williamson, 279
 Ludwig's angina, anesthesia for, 25
 Lung,
 collapse, during anesthesia, 368
 effect of anesthetics, 253
 thymic tissue in, 233
 volume, after abdominal operations, 385
- Medical societies, 197
 Metabolites, effect on respiration, 348
 Meters, on gas machines, 602
 Metrazol, after pentothal, 180
 Metycaine,
 for continuous caudal analgesia, 181
 wartime use, 517
 Morphine acetate, 54
 Morphine sulfate,
 compared to Demerol, 126
 effect, 238
 effect in shock, 475
 effect on bronchi, 260
 effect on small intestine, 583, 584
 effect on temperature, 398
 intravenously, 53
 side reactions, 63
 postoperative effects, 430
 role in shock, 502
 use before barbiturate, 76
 Mouth, reflexes, effect on respiration, 345
 Muscle, effect on respirations, 345
- Narcotics, postoperative effects, 430
 Needles, broken, 193
 Nembutal (see pentobarbital sodium)
 Neosynephrin, after splanchicectomy, 366
 Nerves,
 effect of anesthetics in oil, 465
 sympathetic, block, 301
 visceral, 377
 Nervous system, autonomic, effect of anesthetics, 260
 Nitrous oxide,
 effect on arterial oxygen tension, 145
 effect on arterial spasm, 400
 effect on bronchi, 253
 effect on small intestine, 587
 Nitrous oxide-oxygen-ether,
 effect on small intestine, 589
 Novatropine, effect on bronchi, 258
 Nupercaine,
 in oil, 466
 wartime use, 517
- Oil anesthetics, effect on nerves, 465
 Oil of almonds, anesthetics in, 466
 Oxygen,
 blood, 266
 during intravenous anesthesia, 76
 during spinal anesthesia, 520
 effect of drugs, 238
 in shock, 247, 503
 inhalation, effect on temperature, 396
 postoperatively, 267
 Oxygen tension, arterial, during nitrous oxide, 145
 Oxygen therapy,
 apparatus, 48
 nasotracheal airway, 29
- Pain,
 effect of cold, 13
 effect of morphine intravenously, 58
 effect on lung volume, 385
 of embolic origin, 153
 role in shock, 502
 Pantopon, postoperative effects, 431
 Paraldehyde, effect on bronchi, 253
 Pentobarbital sodium,
 effect on shock, 247, 475
 recovery from tissues, 114
 with scopolamine, effects, 238
 Pentothal sodium,
 dangers, 68
 diagnostic use, 363
 effect on shock, 247
 effect on small intestine, 584
 effect on temperature, 394
 for case of gunshot wound, 70
 for dental surgery, 174
 induction to ether, effect on small intestine, 583
 precautions in use, 77
 rate of injection, effect on small intestine, 584
 stability of solution, 642
 use in geriatrics, 20
 wartime use, 68, 70, 521, 534, 621
 with nitrous oxide-oxygen, effect on small intestine, 589
 Phenobarbital, effect on bronchi, 253
 Phlegmasia alba dolens, treatment, 302
 Physostigmine, effect on respiration, 348
 Picrotoxin, after pentothal, 180
 Pneumothorax,
 after resuscitation, 437
 during anesthesia, 368
 Position,
 after shock, 503
 effect on lung volume, 385
 Postoperative care, 296
 after sympathectomy, 369
 Premedication,
 before pentothal anesthesia, 179, 537
 before thoracic operations, 277
 Demerol, 126
 effect in atelectasis, 295
 effect in shock, 475
 effect on small intestine, 577
 in hypertension, 365
 wartime use, 522
 Procaine,
 block,
 peridural, 381, 528
 stellate ganglion, 153, 404

- sympathetic nerve, 301
- effect on bronchi, 258
- in oil, 466
- spinal anesthesia, effect on small intestine, 588
- Prostigmine, effect on bronchi, 260
- Pulse,
 - during shock, 499
 - rate, effect of premedication, 238
- Pulmonary edema, 508, 640
- during anesthesia, 263
- Pupil, effect of drugs, 238
- Reflexes, respiratory, 345
- Refrigeration, anesthesia, 12
- Reserve air, 385
- Residual air, 385
- Respiration,
 - effect of premedication, 238
 - reflex stimulation, 345
- Respiratory obstruction, laryngeal edema, 307
- Resuscitation,
 - apparatus for, 608
 - of infants, 438
- Scopolamine hydrobromide,
 - with Demerol, 129
 - with pentobarbital sodium, 238
- Serum albumin, concentrated, human, 506
- Shock,
 - effect of increased pressure, in airway, 615
 - effect of premedication, 475
 - in aged persons, 19
 - intravenous anesthesia during, 67, 70, 75
 - signs of, 500
 - treatment, 497
 - use of pentothal sodium during, 70
 - traumatic, under anesthetics, 247
- Skin,
 - marking, for nerve block, 312
 - temperature, during anesthesia, 392
- Small intestine, effect of drugs, 577
- Soda lime, 598
 - absorption patterns, 164
 - indicator, 165
- Sodium amytal,
 - diagnostic use, 363
 - effect in shock, 475
 - effect on cardiac irregularities, 491
 - recovery from tissues, 114
- Sodium cyclopentenylallyl barbiturate (see cyclopal)
- Sodium ipral, effect on bronchi, 259
- Sodium n-butyl 1-methylallyl thiobarbiturate, 248
- Sodium nitrite, diagnostic use, 363
- Stellate ganglion, 150
 - block, 403
- Steroids, assay, 36
- Subtidal air, 385
- Survival time, effect of barbiturates, 247
- Sweating, effect of sympathectomy, 152
- Sympathalgia, treatment, 301
- Sympathectomy, anesthesia for, 361
- Sympathetic nerves, block, 301
- Temperature, body,
 - effect of anesthesia, 392, 396
 - effect of drugs, 238
 - in shock, 503
- Tetrachlorethylene, 283
- Thorax, operations, anoxia during, 266
- Thrombophlebitis, treatment, sympathetic block, 302, 401, 518
- Thrombosis,
 - cerebral, block anesthesia, 403
 - pain following, 153
- Thymic tissue, bronchial compression with, 233
- Tidal air, 385
- Tonsillectomy, death during, 233
- Trachea, reflexes, effect on respiration, 345
- Tracheobronchial aspiration, 267
 - after atelectasis, 297
- Tribromethyl alcohol, 523
 - before gas anesthesia, effect on small intestine, 590, 592
 - diagnostic use, 363
 - effect in shock, 475
 - effect on bronchi, 253
 - effect on small intestine, 584
- Trichlorethanol, 523
 - effect on bronchi, 253
- Trichlorethylene,
 - effect on cardiac rhythm, 1
 - in anesthetic mixtures, inflammability, 441
- Vascular disease, cerebral, block anesthesia, 403
- Vasospasm, nerve block, 301
- Venipuncture, 535, 538
- Vital capacity, 386
- Vomiting,
 - during pentothal anesthesia, 537
 - effect of narcotics, 430
- Wartime,
 - anesthesia, 516, 534
 - intravenous, 67, 70, 74, 534, 621
 - anesthesiology in, 619
 - effect on civilian anesthesia, 637

INDEX OF AUTHORS AND TITLES OF ABSTRACTS

	PAGE		PAGE
Adams, R. C., Lundy, J. S. and Seldon, T. H.:		Beck, M. C.:	
Continuous caudal anesthesia or analgesia: a consideration of the technic, various uses and some possible dangers.	568	Symposium on anesthesia: anesthesia in obstetrics.....	231
Adams, W. B.:		Beecher, H. K.:	
Prevention and treatment of postoperative pulmonary atelectasis by the stir-up regimen and tracheobronchial toilet....	653	Choice of anesthesia for seriously wounded patients.....	460
Adriani, John:		"Shock" and anesthesia in transthoracic gastric surgery.....	557
Symposium on anesthesia: pharmacologic basis of the selection of anesthesia	314	Beecher, H. K. and Craig, F. N.:	
Anderson, B. M., Mousel, L. H. and Mayo, C. W.:		Tissue metabolism following shock induced by hemorrhage.....	653
Combined spinal and intravenous anesthesia for operations on the colon.....	339	Bennett, J. H.:	
Andrews, H. L.:		Preparation of the patient for anesthesia	316
Effect of morphine and prostigmine methylsulfate on measurements of pain threshold.....	221	Betlach, C. J.:	
Annotations:		Selective anesthesia.....	329
Crile's contribution to surgery.....	549	Bird, H. M., Kilner, S. D. and Martin, D. J.:	
Armattoo, R.:		Post-operative respiratory complications in service cases.....	670
Case of anaphylaxis after anaesthesia..	648	Block, Nathan and Rotstein, Morris:	
Arnold, W. O.:		Continuous drip caudal anesthesia in obstetrics.....	648
Shock.....	314	Blusger, I. N. and Dixon, J. H.:	
Ausherman, H. M.:		Pentothal sodium anaesthesia for cystoscopy.....	552
Individualized anesthesia.....	214	Bowman, R. O.:	
		Fluid administration.....	325
Bakst, H. J. and McCormick, G. W.:		Brace, D. E.:	
Use of local anesthesia in the treatment of contusions and sprains.....	446	Premedication, anesthesia, oxygen and plasma therapy, for the war gas casualty	210
Bancroft, F. W.:		Brentnall, C. P.:	
Thrombosis and embolism.....	670	Local anesthesia in vulval and vaginal surgery.....	662
Barbour, J. H. and SeEVERS, M. H.:		Brown, Manson and Nicholson, M. J.:	
Narcosis induced by carbon dioxide at low environmental temperatures.....	665	Regional anesthesia.....	226
Barefoot, S. W. and Callaway, J. L.:		Burt, E. F.:	
Exfoliative dermatitis due to phenobarbital: report of a case with recovery.	451	Pathologic lesions of asphyxia neonatorum.....	671

Philadel- phia and London, W. B. Saunders Com- pany, 1942, 771 pp., 266 illustrations. Price, \$9.00.....	200

BOOKS RECEIVED

	PAGE		PAGE
<i>Skin Grafting of Burns.</i> By James Barrett Brown, Lt. Col., M. C., A.U.S., and Frank McDowell, Assistant in Clinical Surgery, Washington University, St. Louis, Missouri. Price, \$5.00. Pp. 204, with 131 illustrations. Philadelphia: J. B. Lippincott Company, 1943.....	639	<i>A Hundred Years of Medicine.</i> By C. D. Haagensen and Wyndham E. B. Lloyd. Price, \$3.75. Pp. 444. New York: Sheridan House, Inc., 1943.....	639
		<i>Hope Deferred.</i> By Jeanette Seletz. Price, \$2.75. Pp. 536. New York: The Mac- millan Company, 1943.....	639

TABLES, ILLUSTRATIONS, ETC.

	PAGE		PAGE
Drawing—New type tracheal tube cuff...	7	Table—Cases of drainage of submandibu- lar abscesses.....	26
Pictures—New type tracheal tube cuff... 8, 9		Picture—Laryngoscope with thin blade...	27
Pictures—Manometer and new type tra- cheal tube cuff.....	10	Sketches—Intratracheal anesthesia for drainage of submandibular abscess.....	28
Tables—Geriatrics and anesthesia.....	20, 21	Table—Anesthetic activity of steroids. 39, 40	
	22, 23		41, 42

Sketches—New oxygen therapy apparatus	49, 50	Table—Tetrachlorethylene, cases	289
Photographs—New oxygen therapy apparatus in use	51, 52	Pictures—Postoperative atelectasis, x-rays	308, 309
Table—Side reactions after intravenous morphine	63		310
Table—Recovery of pentobarbital sodium and sodium amytal from blood and from water	116	Picture—Ether insufflation bottle	311
Graphs—Concentration of barbiturates in blood	117, 118	Tracings—Reactions of respirations to stimulation	349, 350
	119, 121		351, 352
	122, 123		353, 354
Tables—Demerol premedication	128, 130		355, 356
Tables—Lethal dose, anesthetic dose, etc. of cyclopal	136, 137		357
	138, 139	Pictures—Steps in extradural puncture	374, 375
	141, 142		
Tables—Arterial oxygen tensions	146	Drawing—Schematic representation of sensory fibers of viscera	377
Graph—Arterial oxygen tensions	147	Table—Peridural anesthesia	379
Sketch—Artificial breathing machine	161	Graphs—Changes in lung volume	386, 387
Table—Characteristics of soda lime canisters	163		388, 389
Sketch—Modification of standard soda lime canister	164	Graphs—Skin temperatures during anesthesia	393, 394
Table—Resistance in soda lime canisters	164		395, 396
Graphs—Dead space in rebreathing units	166, 167		397, 398
	168, 169		399
Picture—Stand for apparatus and arm board for administration of pentothal sodium	175	Table—Stellate ganglion block	403, 405
Picture—Pentothal equipment in use	176	Drawing—Fell-O'Dwyer apparatus	411
Picture—Oxygen administration apparatus	177	Drawing—Matas modification of O'Dwyer apparatus	412
Picture—Chair for transporting patient	178	Photograph—Dennis E. Jackson	413
Picture—Unusual types of sacra	183	Picture—Dennis E. Jackson's first anesthetic apparatus	415
Table—Intramuscular injection of mety-caine, effects on rabbits	187	Photograph—Arthur E. Guedel	416
Table—Metycaine, dosage equivalents	188	Photograph—Wesley Bourne	417
Picture—Equipment for continuous caudal analgesia	190	Pictures—Letters from the Royal Society to Dr. Bourne	418, 419
Picture—Blood transfusion equipment, donor vent tube and bottles	203	Drawing—Infant resuscitation	439
Picture—Blood transfusion equipment, recipient vent tube and apparatus in use	204	Tables—Inflammability of trichlorethyl-ene-oxygen-nitrogen mixtures	442
Pictures—Aberrant thymic tissue in lung	234, 235	Graph—Inflammability of trichlorethyl-ene-oxygen-nitrogen mixtures	443
	236	Table—Ignition temperatures of trichlor-ethylene in air and oxygen	444
Graphs—Effects of nembutal and scopola-mine on human subjects	239, 240	Table—Results of injections of anesthetics in oil	468, 469
	241, 242	Photomicrographs—Nerves after injection of anesthetics in oil	471
	243, 244	Tables—Premedication, effects in shock	476, 477
	245		
Tables—Traumatic shock under certain anesthetics	249, 250	Graph—Premedication, effect on hemo-concentration, blood pressure	481
	251	Table—Cardiac irregularities during cyclo-propane-oxygen anesthesia	489
Photomicrographs—Response of bronchi to various anesthetics	255	Tracings—Experimental study, effects of cyclopropane on heart	490, 491
Tables—Effect of anesthetics on bronchi	256, 257		492
Tables—Anoxia in intrathoracic operations	269, 270	Picture—Flat plate of the chest, acute pulmonary edema	512
	271	Table—Wartime anesthesia, types of anes-thesia administered	522
		Table—Effect of various doses of amylene hydrate	525, 526
		Tables—Toxicity of procaine and of intra-caine	528, 530

Graph—Relative toxicity of procaine and of intracaine.....	531	Picture—Franz Kühn's anesthetic apparatus.....	599
Sketches—Funnel.....	546	Pictures—Resuscitation apparatus..	609, 610
Picture—Syringe holder.....	547	Tracings—Effects of elevating pressure of breathing bag.....	614, 615
Kymogram—Effect of morphine on activity of jejunum.....	583	Table—Effects of elevating pressure of breathing bag.....	616
Kymograms—Effect of pentothal sodium on activity of jejunum.....	585	Oscillogram—Mechanical interrupter.....	632
Kymogram—Effect of ether on activity of jejunum.....	586	Graph—Electronarcosis.....	633
Kymogram—Effect of ethylene-oxygen on activity of jejunum.....	587	Scheme—Theory of electron flow in nerves	635
Kymogram—Effect of spinal anesthesia on activity of jejunum.....	589	Table—Amounts pentothal sodium used and wasted.....	642
Sketch—Scheele's experiment [carbon dioxide absorption].....	597	Sketch—Pentothal dispensing bottles....	643
Picture—Model of closed respiratory system.....	598	Picture—Syringe holder.....	643
		Picture—Arm-holder.....	644
		Sketch—Arm-holder.....	645
		Sketches—Metal protector for needle in continuous spinal anesthesia.....	646
